Last night I had a dream about you and me
A dream about making love, making love
I was holding you tight, the feeling was so right
We were making love, making love
(It was good, it was good)
But it was only a dream, only a dream
About making love, making love
(It was good, it was good)

Now maybe me and you, can make this dream come
true
About making love
(Making Love)
And if dreams do come true, then my dream is to be
with you
Making love, making love
(Making love)
This could be so nice, be like paradise
About making love, making love

Well it was good good good good good
(Good good good)
Well it felt so good
(It was good, it was good)
Oh it was good good good good good
(Good good good)
And it felt so good
(It was good, it was good)
It's up to you and me, make it a reality
About making love, making love
(It was good, it was good)

Just tell me when and where, baby I'll be there
Making love, whaoooo
(Making love)
I can't get you off my mind, honey I think about you all
the time
Making love, making love
(Making love)
It could be day or night, anytime it's alright
About making love, making love
(Making love)

Well it was good good good good good
(Good good good)
Baby it felt so good
(It was good, it was good)
Whoaa it was good good good good
(Good good good)
Oh it felt so good
(It was good, it was good)
It could be your place or mine, anytime anytime it's all
right
Whoa it felt so good
Well it was good good good good good
(Good good good)
Well it felt so good
(It was good, it was good)
Oh it was good
