Over the edge  
So scared, so unsteady  
I leapt from the ledge  
Was I ready?  
Was I ready for you?

Freefall  
Freefall

I fall into the deep  
Here with you and this uncharted air beneath me  
I'm powerless to prove myself  
When you already see my faults  
Limitless sky and I, so lost

Freefall  
Freefall

Over the edge  
So scared to take this pledge  
To be an open door and let you pour this light  
On my darkest corridors  
But I can't be the me I've been before, I start to see  
You pledged first your heart to me  
And here I fall, Oh I fall

Free, I fall  
Free, I fall  
Free, I fall  
Free

Now, in my descent, after all my sight is spent, I see  
In this surrender, in this sweet release my restless  
heart assures me  
Letting go, I've lost control to you, yet finally I find that I  
am free  
But instead of sinking to the depths, my soul is swelling  
up and up  
Rising to the heights and I fall, I fall into flight  
I fall, I fall  
And you are by my side  
I fall, I fall

And in your heart, I'll hide  
I fall, I fall  
Free
