i wanna love you like i never loved you tonight

If it's alright

I wanna tell you things I've never said in my life

I'm gonna hold you when the sun refuses to shine

I wanna show you that I'll always be by your side

OoOoOh

CHORUS

When you call my name

And you need me there

Girl you know that

I will be waiting for you

When you close your eyes

And you see me there

Don't you know that I will be waiting..

I wanna kiss you like I'll never kiss you again

If it's okay

I can't imagine loving any other this way

oOoOoh

chorus

When you call my name

and you need me there

Girl you know that
I will be waiting for you
When you close your eyes
And you see me there
Don't you know that I will be waiting...
(when you call my name
and you need me there
girl you know that
i will be waiting for you
when you close your eyes
and you see me there
don't you know that i will be waiting..)
So what you wanna do
I wanna-be-with you
I know that you like my style
So why don't you stay a while
And when you want me to
I'll wait for you...
**REPEAT CHORUS TIL FADE
