It's too late
I've found somebody new
It's a funny thing, baby
She does everything just like you

So dry your weeping eyes
Ain't no need to cry
'Cause it's too late, baby
Too late

It's too late
You hurt me to no end
The way I loved you, baby
Was a shame and a doggone sin

I can't let this get me down
'Cause chances roll around
Yes, it's too late, baby
Too late

When you had me
You just couldn't see the light
All we did was fuss and fight

Well, I tried and I tried
Hoped you'd see your wrong someday
You found somebody new
And went on your merry way

Yes, it's too late
Don't come knocking at my door
Yes, it's too late, baby
Things ain't what they were before

So just before you go
One thing you should know
That it's too late, baby
Too late

When you had me
You just couldn't see the light
All we did was fuss and fight

Well, I tried and I tried
Hoped you'd see your wrong someday
You found somebody new
And went on your merry way

Yes, it's too late
Don't come knocking at my door
It's too late, baby
Things ain't what they where before

But just before you go
There's one thing you should know
It's too late, baby
Too late
