Aftr all of the thing we've been though  
These are all I leave with you  
Listen close and take them as you want to  
I take blame for all our past mistakes  
Even for mistakes I didn't make

Here's another line you won't respond to  
(I never meant to hurt you)  
And I hope that you're all right  
As I sing this song tonight  
I pray that you're okay

So here's my sad attempt  
At my dedication, dedication  
To you and your loss for words  
And here I stand alone  
With my dedication, dedication  
To you and your loss for words

Time will pass and I might say  
That all these written along the way  
They were never meant to hurt you  
(They were never meant to hurt you)

These written words reveal my pain  
I'm waiting for contempt to fade  
They were never meant to hurt you  
And I hope that you're all right  
As I sing this song tonight  
I pray that you're okay

So here's my sad attempt  
At my dedication, dedication  
To you and your loss for words  
And here I stand alone  
With my dedication, dedication  
To you and your loss for words

All these thoughts spinning in my head  
What he, or she, or some have said  
Talks cheap but gossip is for free  
These words are manipulating me

All these thoughts spinning in my head  
Take one and leave the rest for dead  
Decisions swallowing my pride  
To say it all

And I hope that you're all right  
As I sing this song tonight  
I pray that you're okay

So here's my sad attempt  
At my dedication, dedication  
To you and your loss for words  
And here I stand alone  
With my dedication, dedication  
To you and your loss for words

All these thoughts spinning in my head  
Spinning in my head  
I've said it all  
I've said it all
