I felt this emptiness inside my chest
Now we're standing face to face
I'm standing paralyzed by your eyes
As I try to look away
I need to fall back into you, my love
Some how I'm reaching out

My heart is seeking after you
Right now I'm reaching

Where you go is where I want to be
I need you near me
With out you here with me, I cannot see
I need to find a way
To fall back into love with you
I need to find a way
To fall back into love with you

My fingers trace these scars
That brought me far
And bring back yesterday
Your hand reaching out to lift me up
And everything's okay

My heart is seeking after you
Right now I'm reaching

Where you go is where I want to be
I need you near me
With out you here with me, I cannot see
I need to find a way
To fall back into love with you
I need to find a way
To fall back into love with you

I can feel your heart is beating
And now my chest is breathing
I can feel your eyes are on me
Now even mine are seeing
I can feel your are on me
Yeah, your strengths upon me
I can feel your love around me

I can feel your heart is beating
And now my chest is breathing
I can feel your eyes are on me
Now even mine are seeing
I can feel your are on me
Yeah, your strengths upon me
I can feel your love around me

I need to find a way
To fall back into love with you
I need to find a way
To fall back into love with you

I need to find a way (you are the way, you are the way)
To fall back into love with you (you are the only way)
I need to find a way (you are the only way, you are the way)
To fall back into love with you (you are the only way)
