Lay down tonight
I'll sing as you go to sleep
I'll guard you through the night
With my lullaby

Don't say a word
Just close your eyes
Smile if you would
Don't say a word
Just close your eyes
Embrace me tight
Tonight

CHORUS:
Sleep well, my love
I will soon be back
Even before you notice
I was gone
For now I'll sing my lullaby

Rest in my arms
Dream as I am thinking of you
We may not be together now
But I will see you soon

Don't say a word
Just close your eyes
Smile if you would
Don't say a word
Just close your eyes
Embrace me tight
Tonight

[CHORUS]

My lullaby

[CHORUS 2x]

Goodnight
