So what's up with you now
I thought you said before you can't let go
Where are your words now
Thrown out into the spaces in between us
In between us
In between us
In between us

So what should I do now?
The words you said I just cannot forget
How will you take back
Every word that caused my heart to bleed
I'm bleeding
I'm bleeding
I'm bleeding
I'm bleeding

CHORUS:

My mind is empty since you left me cold here
My heart stopped beating
My lungs stopped breathing
It's you I'm needing
It's you I'm needing
It's you I'm needing
It's you I'm needing

What do you want me to say then
Say sorry for the things I never did
How should I deal with
This pain I'm in, the sorrow I am breathing
I am breathing
I am breathing
I am breathing
