Waiting for you to pick up the phone  
Lying here in my bed  
Spending the night thinking of you  
And how am I gonna stay strong

I'm feeling kinda lonely right now  
'Cause I do not feel you around  
So maybe this call will make me remember  
Make me feel you're here beside me

**PRE-CHORUS:**

So I close my eyes tonight  
And breathe the cold evening air  
And wait for the stars to show up in the sky  
As I am calling your name

**CHORUS:**

Your voice is what I've been wanting  
To hear all this time  
To cure all this sadness  
I'm feeling inside  
I'm missing you so  
And I love you so  
But all I can do now is call

I love how you laugh and all  
You make me remember home  
Where we're simply satisfied with moments of laughter  
Oh, how you brighten my days

I long for your sweet embrace  
And gentle kisses you make  
And how you whisper "I love you so much" and  
Enjoy the sweetest of things
