

Artificial October "December"

Visit "[December](#)" on MotoLyrics.com

December
I'm leaving this town
Heading back home
To where you are

December
I'm feeling the cold
Coming from you
As the weather drops

Lalalalala...

CHORUS:
December
Please just go
I know we're getting closer
But it feels like you're further than before
December
I don't know
How can we fix this up
Promises can't even save us anymore

December
I'm going insane
The moon stopped shining
Bringing my hopes down

December
The evenings are dull
The lights are all gone
I wish it was October

Outro:
We're breaking apart
We're fading slowly
Slowly
