Here we are making every moment special;
I'd stay awake if you want me to.
You know that I'd do anything for you...
Everything is possible with you.

I was hoping everyday would be the same as this
I was wishing you could stay right beside me
Please believe me when I say
That I'll always be the same
For I will never let you down
I will never let you down
I will never let you
I will never let you down...

We are invincible tonight.
Nothing can ever put us down.
Nothing in this world can ever replace you...
You're everything I needed...
