Performed by: Taylor Swift

Here you are now  
Fresh from your war  
Back from the edge of time  
And all that you were,  
Stripped to the bone  
I thought you'd want to know

That when you feel the world is crashing  
All around your feet  
Come running headlong into my arms  
Breathless  
I'll never judge you  
I can only love you  
Come now running headlong  
Into my arms  
Breathless

Lay down your guns  
Too weak to run  
Nothing can harm you here  
Your precious heart  
Broken and scarred  
Somehow you made it through  
I only ask that you won't go again

When you feel the world is crashing  
All around your feet  
Come running headlong into my arms  
I'll never judge you  
I can only love you  
Come now running headlong  
Into my arms  
Breathless

So glad to see you smiling  
So good to hear your laugh  
I think that you've found you even  
Missed yourself  
I'm only asking this because I think that  
Truth be told

Oh, you'll never go again  
Again

When you feel the world is crashing  
All around your feet  
Come running headlong into my arms  
Breathless  
I'll never judge you  
I can only love you  
Come now running headlong  
Into my arms  
Breathless  
Breathless
