"Forever and a day my darling..."
Words I heard you say not too long ago
Then you took it all back
Every word, every sweet sweet promise
And you acted so non chalant
Like you never broke my heart

But if these walls could talk
They would speak the truth
Unlike me they have no heart
So, they might even blame you
'Cause I know what I gave
So much love in those days
Yeah, if these walls could talk
They would not sing your praise

Whenever compromise was needed
I'd apologize just to keep you here
But you never took in, never mind returned the
godness
And your friend won't wish me well
'Cause of things you'll never tell

But if these walls could talk
They would speak the truth
Unlike me they have no heart
So, they might even blame you
'Cause I know what I gave
So much love in those days
Yeah, if these walls could talk
They would not sing your praise

"Never let go" turned to something so cold. Wasn't that
you
Doesn't seem to be, but I'm the same old me
Easy come, easy go... There's a hurt you'll never know
Never know, yeah

But if these walls could talk...

Your prasie x2

Forever and a day, my darling
