Endless time... show me the way  
The light of the end...  
Endless time... show me the way  
The light of the end...

My life goes out as a flame  
My old eyes die sad and tired  
I feel the fear in me...(and) now  
I don't feel the pain

Is she the lady of dreams?  
Oh god take care for my soul!

It's a dream to me...  
What's happened exactly?  
Why does the sun shine again?

At the end of life!

Endless time... show me the way...

I walk alone between darkness  
Lost in somewhere far away  
I can see a light near (to) me  
And a fire burns me

Is she the lady of dreams?  
Oh god care for my soul

It's a dream to me...  
What's happened exactly?  
Why does the sun shine again?  
At the end of life!
