Bony and grinding
Hip shit detected
In smoldering bones
Your femur is infested
Too retained
And i don't care
Wheelchair complain
Fused hunchbacked repair
HA HA

You're in pain- do i really care
You cannot walk- it is part of my plan
You're in pain- and i don't care
You're grinding hips- and you crawl on broken legs
(grinding broken legs, it's part of my plan, ha ha,
grinding broken legs,
Wheelchair complains)

We live for your pain and
You'll die from the shame
A doktor's bad advise
Burning scythe inflamed
(hahaha, hahaha, burning scythe inflamed)

Axe chop in the arse
Your pain is boneless
Bonelocked in your bed
A devil's sick caress
You daily 911111
And cry out for help
It's legion who show up
To reap a whining whelp

You're in pain- do i really care
You cannot walk- it is part of my plan
You're in pain- and i don't care
You're grinding hips- and you crawl on broken legs
(hahaha, hahaha!, suckers you give me money
Suckers, suckers, whining whelp)
