(love! bliss! joy! harmony and light!) (x2)

Light shines through  
I sense a little love  
I want to eat you  
The flight of a dove  
Smoke and incense  
Majick potion of love  
I lick your heart out  
Devotion and true love

Love is everlasting light  
Love is under our skin  
You are mine  
Until the end of time!  
It's a burning love  
A fire in our hearts (x2)

Love strikes through  
A clear blue sky  
Life is a peach  
There is no need to cry  
I cast away satan  
And let love in  
Stop talking of death  
And stop living in sin

Love is blue, harmony and light (x2)

True love is universal  
A crusade against hate  
I feel like a new man  
As i knock on heaven's gate  
I set new sails and i  
Head for new shores  
I give myself to love  
Happiness and encores (x2)

(love, bliss, joy)  
Harmony and light love is blue  
Harmony and light love love love

Love is everlasting light  
Love is under our skin  
You are mine  
Until the end of time!  
It's a burning love  
A fire in our hearts (x2)
