I'll give you the plate of your lovely fate  
It contains your heart to investigate  
Love can I crush thy unholy ugly name  
Now there's only thick blood to scrape  
(ugly fate, blood to scrape, investgate, lovely fate)

My heart belongs to you (my friend)  
It breaks me down a happy end  
Take my hand my loving friend  
And i'll show you the nature of incredible love  
(nature of incredible love)

You sparkle like a star a sight for sore eyes  
A cleavage in my heart im numbed for a start  
Oblivious to myself- love poems on my shelves  
I love your innocence loved like a retard (x2)

Girl, you know it's true  
Repulsive yes, and it's true (x4)

Sparkle with delight dance and sing!  
I use the force to dingeling  
Two times three times  
Two times pretty times

My heart belongs to you (my friend)  
It breaks me down a happy end  
Take my hand my loving friend  
And i'll show you the nature of incredible love (x2)

Girl, you know it's true  
Repulsive yes, and it's true (x3)
