Staying up 'til five in the morning
Makes me never want to say goodbye.
Looking in your big blue eyes
Says a million things to make me cry.
Seems like there is no way
To face another day.
Without your smile I'm sinking deeper,
Just going insane.
But for now I guess I'll say:
We'll see another day.
I won't forget the times we had together.
I can't stop thinking of you.
Is this forever?
Seems like this is punishment
Here without you.
I don't want to be away from you,
All of my words are true.
When I hold you close in my arms,
Stop the clock don't set the alarm.
I don't want to say goodbye to you,
But I know I'm going to have to
