Thinking about the times  
We had that just won't go away  
And I remember you  
The look you had without a care

It seems like we all changed  
Not knowing what will be for us  
The truth is coming out  
No signs of stopping anywhere

I know that these days will never be the same  
I know that it's not the way it used to be  
I know that my days are numbered here this way  
I know that these days will never be, always as  
perfectly to me

The way i thought it was  
Is far from being all i want  
Sometimes i wanna stop  
And watch it from the other side

Emotions running high  
Can't help but wonder wonder why  
I'm not giving up  
It's like so many other times
