One, two, three, four

I want to take it back but
He said I hurt her so bad
Now his sister's so damn mad that
I can't even talk it out

Twisted memories quickly faded
To one silent judgment calls
Where was I when judge and jury
Made the choice to cut 'em off

And I swear
(And I swear)
She's alright
(She's alright)
But last night I fucked it up

And I pray
(And I pray)
She's alright
(She's alright)
I blame it on the drugs

I can't remember when
I've ever been so damn offended
So I grit my teeth and tried
To point at big bad wolf, she cried

Started out as common places
Quickly blown up in my face
If only he'd connect the dots
Then he'd see why I wrote it off

And I swear
(And I swear)
She's alright
(She's alright)
But last night I fucked it up

And I pray
(And I pray)

She's alright
(She's alright)
I blame it on the drugs

And I swear
(And I swear)
She's alright
(She's alright)
But last night I fucked it up

And I pray
(And I pray)
She's alright
(She's alright)
I blame it on the drugs

I blame it on the drugs
I blame it on the drugs
C'mon
