So much for loss grief needs a rest  
We're far too young to pass this test [x2]

The nights like these will last for days  
We'll all be lost in controlled rage [x2]

Give us a break

These times are hard so party just the same  
Life is just a game  
These times are hard so party just the same  
Life is just a game, life is just the same

Okay Mr. Buzzkill, give us a break it's one goddamn  
mistake you are always going to make

Okay now, give us a break

It's in your will  
The nights like these will last for days  
We'll all be lost in controlled rage.
