Warcries echo throughout the battlefields
The days of the aegis come again

Where have the angels gone?
Was humanity hard to save?
Or was it an act of God when eve ate the apple?

The days are dark. Veiled by our spirit corruption
dwells in our souls [x2]

Rise up get up off your backside show them what
you're made of, it's about time (it's about time) to rise
up and crush them [x2]

The days are dark. Veiled by our spirit corruption
dwells in our souls... rise

Wreathing in endless pain is the result of our betrayal
[x2]
