Am I being obtuse when I say mankind has ripped apart
the true faith of God?

The true love?

The true book of his?

I think not.

It's our generations time to knock the churches off it's
foundation and show the true meaning of love and
faith!

He came to Earth and just walked from street to street
conversing about the Lord above and just trusting in
him because with this anything is possible.

Be hungry for him and He will fill you up with eternal
life.

Now we have Man's religion making false laws.

WE MUST END THIS NOW!

Come out for the Lord Jesus Christ!

Hide no more from the light.

No more pedestals, no more falsehood.

-Psalms 60:11-
