He was a talent,  
with sorrow in his soul,  
incurable and irreplaceable truth.  
I feel too much,  
is it worth it?  
No it's not worth it.  
I care too much,  
is it worth it?  
Well it's not worth it.  
It's almost too hard,  
but it's always too hard to act stronger than I am.  
Can't handle the world with my eyes open.  
It's okay to fall asleep, tonight.  
It's okay to fall for me, tonight.  
Because I say so. Because I say.  
Because I say so. Because I say.
