Pulse straight from the sky
twenty pine boxes all stacked to the side
creatures of violence, creatures of violence
cultures sold, keepers of dead men's souls
preachers of white lies, preachers of white lies

dreams about gold, salvation overthrow
cinema starring, bright light picture show x2
you dream the dream
pulse straight from the sky
twenty pine boxes all stacked to the side
creatures of violence, creatures of violence

dreams about gold, salvation overthrow
cinema starring, bright light picture show
you dream the dream

climb our way back, climb our way back home
