Time is running against me  
Into the silence of the night  
It feels like it's fading away  
The cild reflections of your sight.

An angel falling  
And I've stood there bleeding  
Before the glory  
The pain will come.

A sadness image of  
the face in the mirror  
Confusion Thoughts  
lay deep inside.

A shape of a demon  
At the edge of the horror  
Your bleeding eyes  
That cry in  
Why must you die?

I, I'm still left there behind you  
Cause you left me alone to beg

You,  
You are far from behind,  
With different memories  
and fantasies lost in time.

I'm still left there behind  
Cause you left me alone to beg,  
You' you are far from behind

Far from behind.
