Remembering the warm summer nights  
When everything is gonna turn out right  
When all the answers lie behind your eyes  
And everythings gonna turn out right

All I want is to see you smile  
All I want is to see you smile

The answers always are waiting there  
You give me feelings that I used to get  
And remember things that I had forgotten  
Long ago

Remembering the warm summer nights  
When everything is gonna turn out right

Remembering the warm summer nights  
And everythings gonna turn out right

All I want is to see you smile  
All I want is to see you smile

The answers always are waiting there  
You give me feelings that I used to get  
And remember things that I had forgotten  
I get the feelings I used to get  
And remember things that I had forgotten  
Long ago

All I want is to see you smile  
All I want is to see you smile
