I started a fire and i watched it grow
And now it burns out of control
I want you bad
I need you bad

I leapt off a precipice
And ive fallen into an abyss
For your love
I need your love

I wanna see into your soul
Fall into the unknown

I looked in your eyes, ocean blue
And straight away my heart it knew
Your the one
Your the one

Your beauty leaves me mesmerised
In a waking dream im paralyzed
I want your love
I need your love

I wanna know
I wanna hold
The girl who cant be owned
Let into the soul

Deep inside your a mystery
A vow of secrecy
Never let you go

Thunder storms and summer rain
Gothic gardens, hurricanes
This black heart i know so well
Im bewitched under your spell

I fear my life's unravelin

This grand illusion vanishin
All I need, you close to me
You can set me free

If you say those words to me

I woke up i was stunned and blind
I just cant get you off my mind
Say my name
Say my name

We talked and talked under stormy skies
As cherubs let their arrows fly
Im the one
Im the one

I wanna know
I wanna hold
The girl who cant be owned
Let into your soul

Deep inside your a mystery
A vow of secrecy
Never let you go

She cant be owned
She cant be owned

I wanna know, I cant let go
I wanna hold the girl who cant be owned
I wanna know, I cant let go
I wanna hold the girl who cant be owned
I wanna know, I cant let go
I wanna hold the girl who cant be owned
I wanna know, I cant let go
I wanna know the girl who cant be owned
