"Thinking About You"

I haven't seen you since this morning
I'm filled with the sweetest pain
A constant aching in my soul
That just won't go away

I'm thinking about you
I'm thinking about you
Thinking about you
I'm thinking about you

I'm thinking about you
I'm thinking about you
Thinking about you
I'm thinking about you

In the quiet hours before dawn
Talk quietly in the hall
Windows open on the street below
As a light rain started to fall

I'm thinking about you
I'm thinking about you
I'm thinking about you
I'm thinking about you

I'm thinking about you
I'm thinking about you
I'm thinking about you
I'm thinking about you

After a night beside you
A night alone is cold and barren as before
Constant aching, persistent rain
Incessant longing all through the day

In the soft half light of dawn
Feel closeness of every breath
See your body outlined
Your form, your silhouette

I haven't seen you since this morning
Still everywhere you remain

Constant aching in my soul
All through the rain soaked day

I'm thinking about you
I'm thinking about you
I'm thinking about you
I'm thinking about you

I'm thinking about you
I'm thinking about you
I'm thinking about you
I'm thinking about you
