It's better to have sweet dreams about her and forget it  
all in the morning

It's better to have sweet dreams about her and forget it  
all in the morning

Dreams

They fade, disappear in the light

They're lost when you open your eyes

She's somewhere out there

Out of reach and out of sight

It's sweeter to stay true to what we knew and to live in  
the world without her

It's sweeter to stay true to what we knew and to live in  
the world without her

Dreams

When you wake, disappear in the light

They're lost when you open your eyes

She's somewhere out there

Out of reach and out of sight

Somewhere out there

Walking round this neighbourhood

Leading parallel, never-touching lives

Lives that seem as ephemeral and fleeting as our  
dreams

Dreams

They fade, disappear in the light

They're lost when you open your eyes

She's somewhere out there

Out of reach and out of sight

It's better to have sweet dreams about her and forget it  
all in the morning

It's better to have sweet dreams about her and forget it  
all in the morning
