"War With Me"

Visit "[War With Me](#)" on MotoLyrics.com

Is this our final destination?
Bide my time, that's my situation
Caught up in your personal battles
Your desires, your desires
If only you could see things more clearly
Through the chaos I wish you could hear me
I stood strong when all others have failed you
I've been a rock, I've been a rock

So why do you want a war with me?
Oh yeah

Identifying with the broken hearted
You want to save the lonely and rejected
Baby could you look a little closer
At one who loves you, the one who loves you

So why do you want a war with me?
Oh yeah

Caught in the firing line
You pulled your heart aside from me
Baby can't you recognise the wounding of my pride i
feel?
And will we sacrifice at such a heavy price, our
dreams?
Where I've placed all my belief

So why do you want a war with me?
I can give you all you need
