Gimme A Lesson Baby And Hurt Me
Cos I?m A Bad Little Boy
And There?s No Time For Losers No More
I Wanna Be Be Loved
Lady Luck You Are My Sunset
Don?t Forget To Take Me Back From The Shore
But I Know You Like Me I Love You
We Are Crazy I Think To Stay Together Is The Best
It?s Better Than To Take A Rest
Remember Times When We Were Happy
Crazy Feelings Little Silences
It?s Time To Convene A Little Peace
Between Our Minds So Let Us Give It A Chance
I?m Running Like A Cat In Hell Trying To Keep You In
Hesitation
To Stop Your Thinking Of Forgetting About Me
And Obtain Again Your Loving Baby
I?m Falling Falling Crazyly Like A Stone From The Third
Blue Sea
But You Know You Miss Me I Need You
Too Soon To Give Another Rest To Our Love
You Know I Look For More
Remember Times When We Were Happy
Crazy Feelings Little Silences
It?s Time To Convene A Little Peace
Between Our Minds So Let Us Give It A Chance
We Are Partners In Confussion
Repressing Our Respects
And The Argument Will Bud Once Again
She?s A Practical Joker
Lover Of The Borgeoisie
And I?m Becoming An Old Fashioned Man
We Know We Love Each Other
Like The First Time So I Really Want To Try It Once
Again
But First Of All We Have To Be Friends
Yes Good Good Friends
