If you would be able to wish
just a big desire
why don't you tell me
which way you would choose
today

maybe you want to change your whole life
are you thinking higher?
you can believe me
but don't deceive me
again

hey little girl maybe you don't understand
you can be a queen for a day

you control all your emotions
what's the reason why
now you are crying
why aren't you smiling
again

maybe you want to change your whole life
are you thinking higher?
you can believe me
but don't deceive me
again

hey little girl maybe you don't understand
you can be a queen for a day

your dream is realized
you know you are
in the middle of a dream
you are living to be a queen for a day

and say goodbye
before my body ends up paralyzed
i know you said maybe we will stay together
till the end of days but now it's late
hey little girl you can be a queen for a day

say goodbye

to the dreams about paradise
you know you are in the middle of a dream
you are living to be a queen for a day

i will fight
before my body ends up paralyzed
i know you said maybe we will stay together
till the end of days but now we know it's late

be a queen for a day
