She told me she'd be back  
yesterday  
but it's no easy now  
so i'm gonna stay

take a chance the time is right  
come back soon  
she said holding my hand  
under a full moon

you have seen all my dreams  
coming true  
but like a child's game  
in the end you loose

looking for the reason why  
living in your hidden lie  
side to side

i feel your pain in me  
everytime i see you in dreams  
i'll never cross the line  
i'm running always side to side  
the distance makes us strong  
sure i'll never be alone  
don't stand so close to me  
maybe then i'll be free

time is passing by  
i will fight  
against your constant presence  
in my mind  
the winter gains on me  
i'll survive  
you'll be a part of me  
till i die
