#### Verse 1

I know we fuss and we fight and we argue a lot  
Some of them things that I say I don't even mean  
I never thought you and I would be falling apart  
Cause boy you know that without you I'm incomplete

And I aint never think there would be anything so deep  
that you would pack your bags and leave  
And all I know is I'm here all alone and I want you back  
with me

Sometimes when I aint alright  
I still want you by my side  
Cause I can't sleep without you next to me

#### Chorus

See all these nights  
They've been driving me crazy  
What would I do if I can't have my baby  
With all this love that I got in my soul  
I just can't let go, no I can't let you go

#### Verse 2

Nobody else ever had no control over me  
See all my life I been known to do my own thing  
But then you came, had me doing some things  
differently  
The only man that was wild enough to tame me

And even though I know sometimes with this mouth I  
have of mine, I can get out of control  
But I aint never prepared to let go, I want you in my  
world

You know I that just can't see nothing else but you and  
me  
And I can't sleep until your back with me

#### Chorus

See all these nights  
They've been driving me crazy

What would I do if I can't have my baby  
With all this love that I got in my soul  
I just can't let go, no I can't let you go

Verse 3

You are my heat, you are my fire  
I need you here, I can't deny it  
Don't you hear me talking baby  
Love me now or I'll go crazy

You are my heat, you are my fire  
I need you here, I can't deny it  
Don't you here me talking baby  
Love me now or I'll go crazy

Chorus

See all these nights  
They've been driving me crazy  
What would I do if I can't have my baby  
With all this love that I got in my soul  
I just can't let go, no I can't let you go
