There was something in your eyes that I saw tonight  
I never thought that I would see it  
Now there's holes in my walls  
And there's glass on the floor  
And you said you didn't mean it

You went from zero to none in these past three months  
On your level of affection  
I ain't gonna be that girl  
That cries herself to sleep  
Putting up with your rejection  
'Cause

I can't carry on, livin' life like this  
This can't be what it is  
I don't wanna live my life like this  
I can't carry on, livin' life like this  
This can't be what it is  
I don't wanna live my life like this

When I try to make sense  
Out of what we have I always fall into depression  
Because I know in my heart  
That we both grown apart ain't no use of us pretending

We never talk on the phone  
And you're never at home  
And if you are there's always tension  
I ain't gonna be that girl  
That ends up staying, sitting around just regretting  
'Cause

I can't carry on, livin' life like this  
This can't be what it is  
I don't wanna live my life like this  
I can't carry on, livin' life like this  
This can't be what it is  
I don't wanna live my life like this

I'm tired of fighting  
I'm tired of spiting  
My life is a storm full of raining and lighting

My insides are pleading from all of the screaming  
Sometimes I just feel like I'm no longer breathing

I look in your eyes all I see is a demon  
I'm tired of wearing my heart on my sleeve  
And I just don't know why I stay  
'Cause day after day I continue to say

I can't carry on, livin' life like this  
This can't be what it is  
I don't wanna live my life like this  
I can't carry on, livin' life like this  
This can't be what it is  
I don't wanna live my life like this
