(Intro)

Hey baby, tell me what you want to do
Ooh baby, 'cause I could give the world to you

(Pre-Chorus)

Hey baby, tell me what you want to do
Ooh baby, 'cause I could give the world to you
Sweet baby, look at what I'm going through
Baby, baby, I'm needing it - I'm wanting you

(Chorus)

We don't have to rush, but after the club I wanna feel
your touch
'Cause I'm needing you, and I'm fiending you, I be
sleeping you
And daydreaming you, I been seeing you with just me
and you
If you feel it too, then say...

(1st Verse)

A crowded room and you're the only one I'm seeing
It's 3:00 o'clock, and usually I would be leaving
Now I believe everything happens for a reason
'Cause what I feel with you and me got me believing

(Bridge)

'Cause when I looked at you, I just couldn't move
So what are we gonna do
'Cause I'm feeling like I wanna leave with you (hey)
Whatchu wanna do?
'Cause I wanna leave with you

(Pre-Chorus & Chorus)

(2nd Verse)

I never knew that you could really have me fiending
Like a drug, controlling every part of me and
I wanna know, if we can get a little closer
And go somewhere, 'cause I just wanna get to know ya

(Bridge, Pre-Chorus & Chorus)
