I'mma tell y'all  
I'mma tell y'all a story  
It's about a girl  
Mmm, I can't even say a girl  
She some'in' more like  
She's more like an angel  
Hmm...  
Tell you her name  
Ashanti  
Princess

I wanna love you  
I wanna hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

And let me love you  
Let me hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

If you touch me here  
I don't mind, oh, no  
And if you kiss my neck  
Baby, I don't mind, oh, no

I feel this tingling feelin'  
Runnin' up and down my spine  
So baby, let me love you

I wanna love you  
I wanna hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

And let me love you

Let me hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

If you rub my back

Baby, I won't mind, oh, no, mmm  
And if you kiss my lips  
Baby, I won't mind, oh, no

I will feel your heartbeat next to mine  
And slide right past my thighs  
So baby, let me love you

I wanna love you  
I wanna hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

And let me love you  
Let me hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

I wanna love you  
I wanna hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes

And let me love you  
Let me hold you  
Baby, I wanna kiss you  
I wish you would look into my eyes
