Every moment I am thanking my soul
Feel so lucky having you in my arms
Wouldn't be the same without you babe
There's not a thing about you I would change

I'm incomplete when you're far away
And when you're here you make me whole again
At first I really didn't trust it or believe it
I found someone that'd make me say this and mean it

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I wanna gently kiss your face

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I just wanna kiss your face

Sometimes I have to stop and stare
Might even run my fingers through your hair
Just to see that this is not a dream
I've gotta see you smiling back at me

And I'm okay as long as you're okay
Don't have to ask, I know you feel the same
At first I really didn't trust it or believe it
I found someone that'd make me say this and mean it

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I wanna gently kiss your face

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I just wanna kiss your face

Remember when I used to think
There was nobody there for me

It took a while for me to know
Someone could really touch my soul

No one can ever come between
They can't take you away from me
I'll always be right by your side
I'm glad to say that you are mine

I always want you here with me
Don't ever wanna see you leave
I always want you here with me
Don't ever wanna see you leave

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I wanna gently kiss your face

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I just wanna kiss your face

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I wanna gently kiss your face

Couldn't imagine life without you
I wanna wrap my arms around you
You're like a miracle in the month of May
I just wanna kiss your face
