If you were me what would you do?
Always a lie and never the truth
Now as for me, I'm moving on
You'll always be my, baby

Baby, I just gotta let you go for now
Thought I could take it for a while
Maybe you'll make it back around

Baby, I just gotta live my life for now
Can't see me changing for a while
Hope I could make it back around

Anything that I want I can get it, boy
You know you turn me on and on
That's why I switched my frame of mind
Of being there when you call, always on time

I need to spread my wings and party
Got everything and for everybody
I need my space, my time alone
It's like our hearts don't match no more

Still everything that you want you can get it, boy
You know I still got love for you
In court I plead the 5th
My, baby

Baby, I just gotta let you go for now
Thought I could take it for a while
Maybe you'll make it back around

Baby, I just gotta live my life for now
Can't see me changing for a while
Hope I can make it back around

When you was cheating, you was probably thinking
I won't sense a thing but love got funny
It was catching up to love to lies
And your lies can't look me straight in the eyes

I'm not surprised that you hurt me, baby
No why me, baby? Just let my breathe in
I fly freely

If you were me what would you do?
Always a lie and never the truth
Now as for me, I'm moving on
You'll always be my, baby

Baby, I just gotta let you go for now
Thought I could take it for a while
Maybe you'll make it back around

Baby, I just gotta live my life for now
Can't see me changing for a while
Hope I can make it back around

Why in the world would you wanna leave me girl?
Is it something I did the truth is I did it once here at
home
I know a bitch can do bad on her own but you're not
alone
The way you hurt me baby, shit why me, baby?

I feel your pain a little but I know that love is real
And as long as it let you go if you feel the need
To come back to me, baby
Who wasn't home who would sex you crazy
R U L E come on back, holla at me baby

Baby, I just gotta let you go for now
Thought I could take it for a while
Maybe you'll make it back around

Baby, I just gotta live my life for now
Can't see me changing for a while
Hope I can make it back around

Baby, I just gotta let you go for now
Thought I could take it for a while
Maybe you'll make it back around

Baby, I just gotta live my life for now
Can't see me changing for a while
Hope I can make it back around

If you were me what would you do?
Always a lie and never the truth
Now as for me, I'm moving on
You'll always be my, baby
