[Speaking]

I got somebody all that, he just got me feeling crazy he
really really did his than, I think I fell in love again

[Chorus:]

You came into my world and taught me things
And I cant lie cuz boy you did your thang
Feel like I'm floating wen I hear your name
I think you made me fall in love again

I know it could be done like this
A simple touch could feel just like a kiss
And when you put your hands in certain places
Boy I cant help but make them silly faces
Cuz what you doing to me should be a sin
It feels so good that I can barely hold it in

[Chorus:]

You came into my world and taught me things
And I cant lie cuz boy you did your thang
Feel like I'm floating wen I hear your name
I think you made me fall in love again

I love to feel your heartbeat next to mine

It always seems to heat me up inside
Its crazy how we work up such a sweat
And I aint never had it better ever since
Cuz wat u doing to me should be a sin
It feels so good that I can barely hold it in, boy you

[Chorus:]

You came into my world and taught me things
And I cant lie cuz boy you did your thang
Feel like I'm floating wen I hear your name
I think you made me fall in love again

[Brigde:]

You stay on my mind
Boy I just cant find the one to do them things that you
do
Ever since you came into my life

[Chorus]

You came into my world and taught me things
And I cant lie cuz boy you did your thang
Feel like I'm floating wen I hear your name
I think you made me fall in love again
