There are no words, all I can say is
La, de, de, la, de, la, de, de, de, oh
There are no words, all I can say is
La, de, de, la, de, la, de, de, de, oh

Lately I don't know why
Every time I think about you I just wanna cry
It's not the cry that makes my heart ache
It's the one that brings me to my knees and gives
thanks

That finally I have a chance to breathe
And thank God for all the goodness that He sent me
So it took a while but it was worth the wait
It's a different kind of love when we love make

If I'm sitting with you
Laying with you, talking with you
I know I love it when I'm just riding with you
Loving with you, laughing with you

I can't believe I'm so addicted to you
But I'm not ashamed, it's so hard to explain
There are no words, all I can say
It's a different kind of love when we love make

It's been a while you been around
And I think I like how everything is going down
And spending time just lets me know
I will need you and I never wanna let you go

And mentally you were meant for me
Not to mention how I feel your physicality
So it took a while but it was worth the wait
It's a different kind of love when we love make

If I'm sitting with you
Laying with you, talking with you
I know I love it when I'm just riding with you
Loving with you, laughing with you

I can't believe I'm so addicted to you

But I'm not ashamed, it's so hard to explain
There are no words, all I can say
It's a different kind of love when we love make

There are no words, all I can say is
La, de, de, la, de, la, de, de, de, oh
There are no words, all I can say is
La, de, de, la, de, la, de, de, de, oh

There are no words, all I can say
It's a different kind of love when we love make
