I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
Now it's over babe
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
So it's over babe
It's over babe

When I met you I knew you would be the one for me
'Cause lookin' at you had me feelin' kinda crazy
And what you asked I almost did it automatically
But it was nothing compared to the joy you gave me
Although I know that what we had it wasn't perfect babe
You fooled around but see back then it didn't phase me
I thought by stayin' tryin' to change you would be worth
it babe
But now I see that tryin' to change you only changed
me

All these tears and all of your lies
All these years and now we're sayin' goodbye
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
Now it's over babe
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
So it's over babe
It's over babe

Now I'm thinkin' that I never should have dealt with you
All this screamin' and this yellin' that we go through
Rainin' late at night I'm sittin' waitin' up for you

Just to tell you how I hate you who've turned in to
So ain't no way I'm gonna sit and take this shit from you
I'll never play another day of bein' your fool
I wasted all my time on somethin' that just wasn't true
I should have known that I could never ever change you

All these tears and all of your lies
All these years and now we're sayin' goodbye
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
Now it's over babe
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
So it's over babe
It's over babe

I'll never forget what you did to me
So I'm gone, I'm leavin' leavin' baby
I'll never forget what you did to me
So I'm gone, I'm leavin' leavin' baby
Whenever you see me, don't even speak
I'll never forget what you did to me
Whenever you see me, don't even speak
I'll never forget what you did to me

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
Now it's over babe
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
So it's over babe
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me
See we tried but we'd fight then we'd cry
Now it's over babe
It's over babe

I can't believe that it's over baby
Every bruise on my heart you gave me

See we tried but we'd fight then we'd cry
So it's over babe
It's over babe

I'll never forget what you did to me
So I'm gone, I'm leavin' leavin' baby
I'll never forget what you did to me
So I'm gone, I'm leavin'
