(chorus) why don't you take me tonight
Take me away wherever you like
'cause i only want you my baby
No place i rather be, you're all i need, all i want so lets
go

(ashanti) boy you got everything that i need and i
couldnt ask for more
And everything on me is all yours 'cause
You make me smile like i never smiled before
And i adore you, want a lil more of you
Do anything i'll go anywhere as long as i can hold your
hand
So lets go

(chorus) why don't you take me tonight
Take me away wherever you like
'cause i only want you my baby
No place i rather be, you're all i need, all i want so lets
go

(lloyd) baby i aint never been the type to fall in love and
having thoughts of me and just one
Till i found you and i'm proud to say
That i can't see me without you
You aint nuttin like them other girls
'cause i get to -
And travel around the world
And you aint even gotta pack your things
Watever you want or need i got it
So lets go

(chorus) why don't you take me tonight
Take me away wherever you like
'cause i only want you my baby
No place i rather be, you're all i need, all i want so lets
go

(ashanti) now can you take me and can you make me
feel like i never felt before

(lloyd) shorty i can take you and i can make you feel

like you needed more and more

(ashanti) maybe we can go somewhere tonite

(lloyd) if you want to baby we can catch a flight

(ashanti) long as i got you baby everything is ok

(lloyd) listen, you can ride wit me, you can fly wit me
where ever

(ashanti) or we can stay at home, we can be alone
together baby

(lloyd) 'cause you kno i need u baby

(ashanti) aint no place i rather be

(lloyd) you're all i need

(ashanti) you're all i want so lets go

(chorus) why don't you take me tonight
Take me away wherever you like
'cause i only want you my baby
No place i rather be, you're all i need, all i want so lets
go

You're all i need in my life when i'm wit you everything
