After all of this time that we tried
I found out we were living a lie
And after all of this love that we made
I know now you don't love me the same

The way that I love
The way that I love you
The way that I love
The way that I love you
The way that I love
The way that I love you

I woke up kinda early today
And something told me from that moment it wouldn't
be the same
It felt like you were hiding something
But I didn't push it, I didn't complain or say nothing

I tried to act like I didn't see it
'Cause deep down I knew I didn't want to believe it
But there it was, it was you and her
You left your Sidekick on the nightstand and I read

Everything you bought and everything you said
And now I'm standing here looking like damn
I thought it was you and I
Now I all I got to say is, why?

After all of the time that we tried
I found out we were living a lie
And after all of this love that we made
I know now you don't love me the same

The way that I love
The way that I love you
The way that I love
The way that I love you
The way that I love
The way that I love you

I notice now that when I'm around
You be trying to lock the door, whispering on the phone

Now wait a minute since we been in this house
You ain't never did this before, tell me what's this
about?

I tried to sit and say to myself
This here is too good, he don't want nothing else
But there it was, it was you and her
You left your credit card receipt inside the Beamer
babe

Everything you bought and everything you spending
Now I'm standing here once again
I thought it was you and I
Now I all I have to say is why?

After all of this time that we tried
I found out we were living a lie
And after all of this love that we made
I know now you don't love me the same

The way that I love
The way that I love you
The way that I love
The way that I love you
The way that I love
The way that I love you

You lied, you lied, oh why?
Why'd you have to lie to me?
Why'd you have to lie to me?
Why'd you have to lie to me?
Why?

After all of this time that we tried
I found out we were living a lie
And after all of this love that we made
I know now you don't love me the same

The way that I love
The way that I love you
The way that I love
The way that I love you
The way that I love
The way that I love you
