After all of the times that we tried,

I found out we were livin a lie

And after all of this love that we made,

I Know Now you don't love me the same

The way that I love

(The way that I love you)

The way that I love

(The way that I love you)

The way that I love

(The way that I love you)

[Verse 1]

I woke up kinda early One day, and

something told me from that moment it wouldn't

be the same

Felt like you were hidin' somethin, but I didn't

push it, I didn't complain or say nothin

I tried to play like I didn't see it, 'cause deep

down I know I didn't wanna believe it

There it was, it was you and her (Him), you left

your sidekick on the night stand and I read

[Pre-Hook]

Everything you did and everything you said,
now I'm standin' here lookin' like damn
I thought it was you and I,
now all I gotta say is why

[Chorus]

After all of the times that we tried,
I found out we were livin a lie
And after all of this love that we made,
I Know Now you don't love me the same

The way that I love

(The way that I love you)

The way that I love

(The way that I love you)

The way that I love

(The way that I love you)

[Verse 2]

I noticed now that when you're around,
you be tryin' to lock the door, whisperin
on the phone Now wait a minute,
since we been in this house you ain't
never did this before, tell me what's this about..

(What's This About)

I tried to sit and say to myself,
this here is too good, he don't want nothin' else
There it was, it was you and her (Him),

you left the credit card receipt inside the beamer with

[Pre-Hook]

Everything you bought And

everything you spent, now I'm standing here

once again I thought it was you and I,

now all I have to say is why

[Chorus]

After all of the times that we tried,

I found out we were livin a lie

And after all of this love that we made,

I Know Now you don't love me the same

The way that I love

(The way that I love you)

The way that I love

(The way that I love you)
