[Verse 1:]

Baby girl if we gone do this one time
Then you gone get the works
Cause their ain't no impressions
Like impressions at the first

But if we gone do this twice Ma'
I'm gone need to pace it
Speed it up slow it down
Girl you know the basics

If you feel ambitious
And you think we might go three
Then you on top of me on top of you on top of me

But if we gone do this all night
Then I'm just gone get in it
There's so many ways that we can play
This 180 min.

[Chorus:]

Girl I hope you brought your love making shoes
Cause I love making you
Say my name
Say my name
Baby girl put on your love making shoes
Cause I love making you say my name say my name
Girl go ahead and get right in them love making shoes
Cause I love making you say my name say my name
Don't even act like you ain't brought them love making
shoes
Cause I love making you
Say my name say my name

[Verse 2:]

Baby girl you know that I be hittin this routinely
Every time I seem to arrive right then when you need
me
Go ahead get comfortable
Ain't no intermission
At least that's my mission
Turn off the air condition

Cause it's so sexy
Sweatin to the beat
Sweatin to the heat
My little cardio machine

And it's so sexy
Going at it all night long
That 24-hour bone
Open anytime I want it baby

[Chorus:]
Girl I hope you brought your love making shoes
Cause I love making you
Say my name
Say my name
Baby girl put on your love making shoes
Cause I love making you say my name say my name
Girl go ahead and get right in them love making shoes
Cause I love making you say my name say my name
Don't even act like you ain't brought them love making shoes
Cause I love making you
Say my name say my name

[Bridge:]
Were gona work it out work it out
Were gona train for it
Work it out work out it
Got you in shape for it
Work it out work it out
Make up a game for it
Work it out work it out
In case you didn't hear me I said
[Repeat]

[Chorus]
