Baby I see you crying again and I know it ain't your fault
You got that look in your eyes like you wanna talk
Tell me what he's don't too you damn I can't believe it's
true
How could he hurt someone like you.

You can tell me thing's that got you scared and thought
that
You should stay I'll you right now baby you should run
away
You say that is impossible staying would be impossible
It's so unforgivable.

Come to me with these tears
In your eyes what do you expect me to do
When secretly I'm in love with you
Swallow my pride put my emotion aside
When want I really want to say is.

Baby I can be your hero your hero not a bird not plane
Just call my name and I'll be there
I can be your hero your hero just
Tell me I'm what you need and I'll be your hero.
I can be your hero your hero not a bird not plane
Just call my name and I'll be there
I can be your hero your hero just
Tell me I'm what you need and I'll be your hero.

I just wanna take your hand and lead you away
From this pain baby wrap yourself up in my cape
And we will just fly away to places you never been
Before I know you can't ignore I've been
Knocking at your door baby let me in.
Come to me with these tears
In your eyes what do you expect me to do
When secretly I'm in love with you
Swallow my pride put my emotion aside
When want I really want to say is baby.

Baby I can be your hero your hero not a bird not plane
Just call my name and I'll be there
I can be your hero your hero just

Tell me I'm what you need and I'll be your hero.
I can be your hero your hero not a bird not plane
Just call my name and I'll be there
I can be your hero your hero just
Tell me I'm what you need and I'll be your hero.

Girl it's killing me to see you cry cause I know why
Girl it's killing me to see you hurt because I know
You deserve more just let me be the one to change
Your life just give me one chance I can be
The man he never could.

Baby I can be your hero your hero not a bird not plane
Just call my name and I'll be there
I can be your hero your hero just
Tell me I'm what you need and I'll be your hero.
I can be your hero your hero not a bird not plane
Just call my name and I'll be there
I can be your hero your hero just
Tell me I'm what you need and I'll be your hero.
