Countless hours of learning more
Countless hours of knowing less
Can't look behind you
You have to look ahead.

So many doubts running through your mind
All the excuses
Don't have the time
All the rejection you have to leave behind

Leave it all behind

Hold your dreams
Don't ever let it go
Be yourself
And let the world take notice

You'll find strength
When people bring you down
They will see
If you will only, only believe

Someway, Somehow (Yeah, yeah, yeah)
Don't give up now (Don't give up)
Don't be afraid to succeed (to succeed, yeah)

Someway, somehow (Come on, everybody)
The time is right now (It's our time, yeah)
Don't be afraid to succeed (to succeed, yeah!)

Hold your dreams
Don't ever let it go
Be yourself
And let the world take notice

You'll find strength
When people bring you down
They will see
If you will only, only believe
