If I gave you my word
Tell you what I would do

Yo you know the shit I grow the shit
My mood is... is devoted to the...
Take the time out to remind them
Watch your hinny right behind you
Lions hide and strike in silence
I am giant,... with Iron Mike and Kobe Bryant...
... reaching new heights, now that I'm defining science
I'll provide entire slices, all depends how big my pie is
But I forgot the... gosh I'm just a Roger...
... back at the opera...
... call it karma if you want
... this what we started bro,
Departed down the closest road
Slowly going north, let's go

A forester scorched earth, morphed to Steven...
A... the poor world... assure what it's even worth
Even worst, my torso is town between the 2...
Which do I want more, is it reality or fantasy
... in my... the frenek manic depression...
Yeah my plan's to be a man I can stand up,
So I banished quick, my... is scandalous
Fanciness is damaging, nobody mix the standards up
Plant your hands and handle it
This game I put my stamp on it...
Dismantle the... they... me in

I expect a whole lot more...
If I gave you my love,
Tell you what I would do
If I gave you my love
Tell you what I would do
If I gave you my love
Tell you what I would do
If I gave you my love
Tell you what I would do
I expect a whole lot more from you baby
I expect a whole lot more from you baby
